The purpose of this competition is to give your student the opportunity to write and create STEM solutions. Our goal is to inspire and support your child. Your child can choose to participate. There are options to share the work via our website and/or social media. This decision is yours to make and has no effect on the competition scoring.

- edMe can use my student's entry to teach other students through their website.
- edMe can put my student's entry on their social media to celebrate my great work.

The benefits of this competition are the opportunity to grow but we cannot promise any tangible benefit. Your child will may gain the ability to manage larger products, put their imagination into use, and create a clean, final version of a meaningful project. The potential risks are minimal, but please make sure this work does not interfere with schoolwork and getting great grades.

The competition involves only minimal risk, meaning that the probability of harm or discomfort is not greater than ordinarily encountered in daily life.

- Yes, I give permission for my child to participate
- No, I do not give permission for my child to participate

One student between Kindergarten and grade 6 will receive \$200. Another student between grades 7 and 12 will receive \$300. As edMe staff deems appropriate, additional certificates will be delivered to describe student successes. The check can be mailed to your home or to the school. It will be made out to the child.

- Yes, I will give an address to mail the prize check if my student wins.
- No, I will not give an address to mail the prize check if my student wins.

I understand that my child's participation in this project is completely voluntary, and I am free to stop or withdraw my child at any time, without any penalty.
